ESD		METAL FREE
DESCRIPTION		TOE-CAP
ARCADE LOW is a heavy duty boot ESD, class protection S3S FO SR with a water-repellent nubuck u abrasion resistant scuff-cap, equipped with a heel Stability System and quick fastening system	pper and an	
COMPONENTS		INSOLE
Polyurethane insole with activated carbons ensures maximum hygiene avoiding the proliferation of fung odours. Anti-static, anatomic, provides excellent support along the plantar arch, ensures maximum con absorption of the impact energy. Made with a compounds of EPA material (low electrical resistance) Its weight reduced by over 50%, and the high impact and compression performance, make it the perfect	nfort and	
those looking for safety and lightness. Particularly suitable in areas where metal is not allowed		STANDARD LABEL
PLUS		BICAP <i>ABSOLUTELY SAFE</i>
CORDURA®: High performance fabric with excellent rip and wear resistance. Provides excellent performance of water repellency and breathability		Calzaturificio 5BI S.r.I. Via Trani, 94-100 76121 Barletta (BT)
